

**Compatibility Guide**

Displays marked green cloak properly when Casper is installed vertically

Displays marked yellow cloak properly when Casper is installed horizontally, i.e., rotated 90 degrees

Display marked RED do not cloak or are not recommended

**Special note for mobile users**

If you are having difficulty viewing this list on a mobile device, considering downloading the Smartsheets app here:

[Google Play](#)  
[Apple App Store](#)

Alternatively, you can download a PDF of this database [here](#).

**Casper - Display Compatibility**
